

Mechanical Password Locks

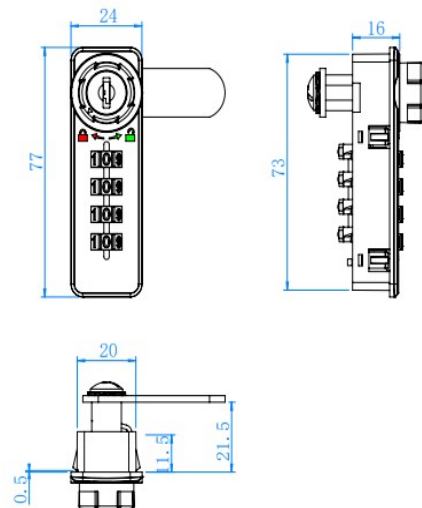

906L

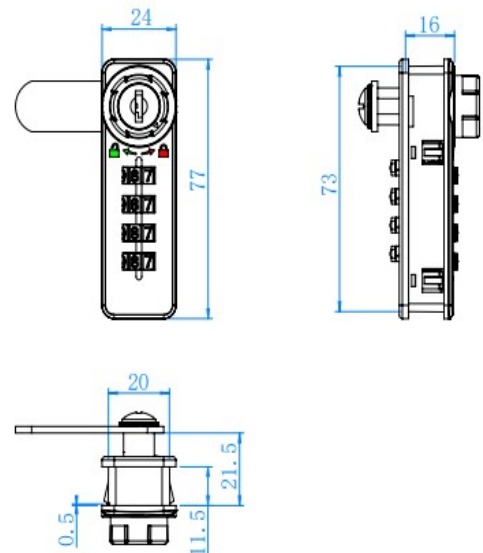

906R

907L

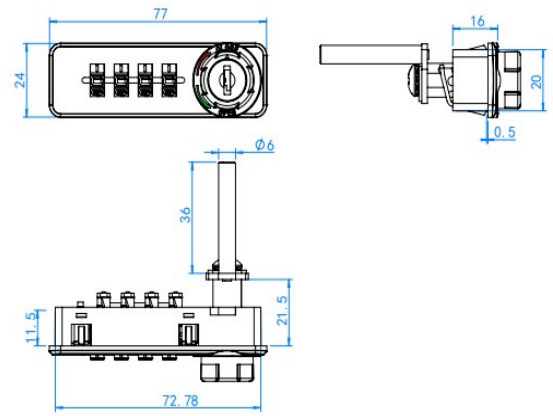

907R

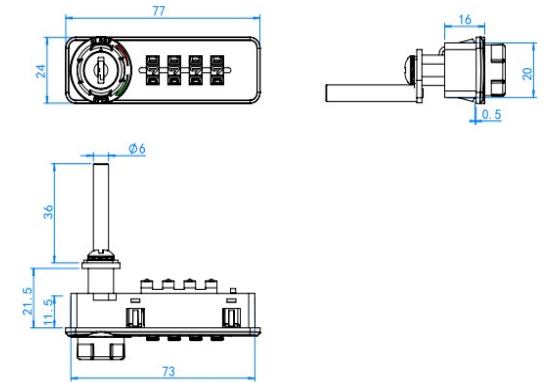

Tips: For all password locks, only model 907 is vertical, only 909 is without keys.

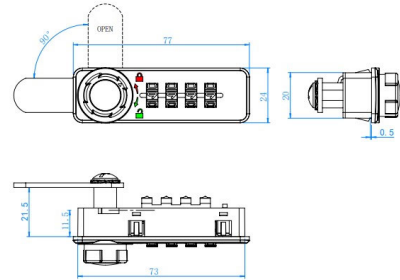

908L

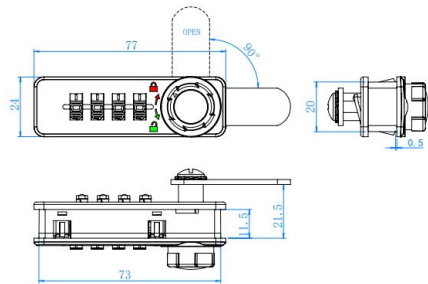

908R

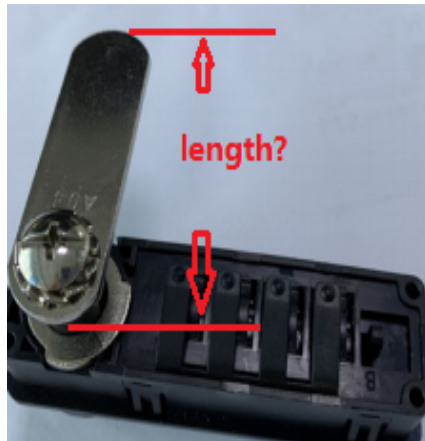

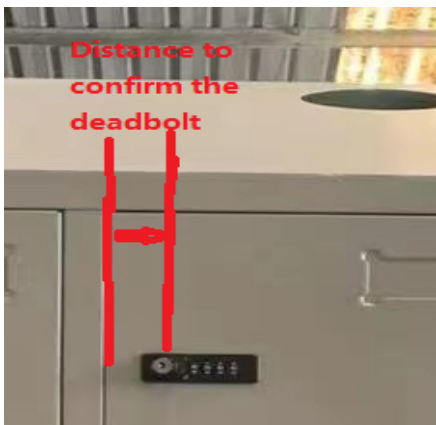

909R

909L

- 1 steel door: Available thickness is 0.8-1mm, stuck the board by lock body;
- 2 wooden door: Available thickness is 12-18mm, screw up the board by back panel.

Deadbolt

Pls tell us the distance from the cylinder to door edge to confirm the deadbolt size
